2. Signs and Markers

The ID signs located at the points of public access to the permit area contained the necessary information.

4.a Hydrologic Balance: Diversions

The water bars on the main fan access road have been re-established.

4.b Hydrologic Balance: Sediment Ponds and Impoundments

The sediment pond located at the mine site is being cleaned. An access ramp is being used to extend the reach of the track hoe. The ramp will be removed as part of the cleaning process. Material from the sediment pond cleaning is being hauled to the waste rock site.
